THANKS, DOROTHY "This war is not popular in the United States. Making America an 'arsenal for democracy' is not really popular. If the Administration avoids facing that fact it is going to make the mistake of its life." - - Dorothy Thompson

KAOW

83 OUT OF 100 83% of the American people are against war. Why, then, do we fear war? Why, then, do we yield to defeat in advance. Read the enclosed leaflet carefully; then act promptly.

Anti-War news 3/22/41 PREPAREDNESS FOR PROFIT

The War Department has announced that it will build a million dollar plant for the manufacture of gas masks for civilians at Fostoria, Ohio.

Anti-War news 3/22/41 CASKETS AND CONTRIBUTIONS

Remember those government orders for caskets announced not long ago? One of the biggest contributors to the Committee to Defend America by Aiding the Allies is a director of the National Casket Company.

C.C. 4/19/41 8.465 BOMBS BURSTING IN TULSA

Recently, only to make a point of dramatic contrast, we quoted a news item referring to bomb shelters in the Vatican. To round out the picture we now call attention to the (ironic) announcement of the minister of a Methodist Church in Oklahoma of the "admirable protection" the people of the parish have beneath the Norman tower of their stone church.

**CANDID
CONFERENCE**

In a recent press conference in New York Lord Halifax admitted; that Britain will not lose even if American aid is delayed; that Britain is fighting to maintain the status quo within both England and the Empire; that Wilson's "Fourteen Points" would not now be an acceptable basis for peace. See New York Times, 3/27/41

**BATTLE
OVER BEEF**

We are "good neighbors;" we want to prevent the economic domination of South America by Germany, but we won't buy Argentine canned beef for the Navy at 19¢ per pound, even though the domestic price for the same grade is 33¢, and American packers are not much interested. More money in hamburgers and hot dogs; You can't eat your cake (or beef) and have it.

**IF YOUR CHILD
WERE STARVING**

Women and children are starving; war epidemics are starting; food, money, ships, organizations are ready - you can help break the chain without helping Hitler. Ask us how, or write us your opinion. It will count. Rose Wilder Lane says, "I think the lives of these people should be saved because . . . if England and America . . . callously watch them die . . . whoever among them lives through the horrors of famine will hate England and America with an undying hatred."
