**4250 Federal Drive, Batavia, New York**

*Join the Workers Center of CNY for an important rally in solidarity with mother, farmworker leader, and WCCNY board member, Dolores. She has an immigration court appearance and we are deeply concerned that she may be torn away from her children and her community. Dolores has truly been an outstanding and amazing leader representing farmworker women. In 2014, Dolores was stopped for a minor traffic violation and New York State Police turned her over to immigration authorities and she was placed in deportation proceedings. This trial may end with her removal. Let's say NO to her deportation and this cruel and unjust immigration system. We will be carpooling from Syracuse so email Nikeeta at [nslade@workerscentercny.org](mailto:nslade@workerscentercny.org) if you would like to join us so we can make sure we have space.*
