

# NO \$54 BILLION FOR WAR!

To Rep. John Katko, Senator Charles Schumer and Senator Kirsten Gillibrand:

We urge you to oppose President Trump's proposal to boost Pentagon spending by \$54 billion in the next fiscal year. President Trump's proposed massive increase in military spending would come at the expense of foreign aid, the Environmental Protection Agency, the US State Department, and more. We need schools, health care, green jobs, and diplomacy, not more tanks, warships and nuclear weapons!
