PEACE IN UKRAINE

Stop the War in Ukraine; Prevent Nuclear Catastrophe

To: Senators Charles Schumer and Kirsten Gillibrand and Congressman-Elect Brandon Williams

We call on the U.S. government to urgently support diplomacy to end the war in Ukraine, and call for an immediate cease fire

Implement the policy proposals of the Back from the Brink Campaign to Prevent Nuclear War:

1. adopt a policy of no first use of nuclear weapons.
2. end the President's sole unchecked authority to initiate a nuclear attack.
3. take nuclear weapons off hair-trigger alert.
4. cancel the program–already underway–plan to replace our country's entire nuclear arsenal at a cost of $1.7 trillion.
5. initiate multilateral negotiations to adopt the U.N. Treaty on the Prohibition of Nuclear Weapons.
